Hello, I'm Tucker Diedrich. I started performing stand-up comedy when I was in college. My first time ever performing I won a portable DVD player. I continued to perform through college winning prizes along the way. My senior year in 2008 I was offered a chance to open for the comedy night on campus. I got \$50 to do 10 minutes and ever since then I haven't been able to get off the stage.

After college I moved to Wausau WI where I hosted and did guest sets at the local comedy show at the Best Western. I performed primarily in the Central Wisconsin area doing shows here and there. In 2010, I started hosting shows at the Skyline Comedy Café in Appleton WI and Milwaukee's Comedy Café while also hosting the local shows in Wausau whenever I had the chance.

In 2012 I started to feature a little and made appearances at the Hext Theatre in Rhinelander, WI and Player's Lounge in Stevens Point, WI. In 2013 I started to feature even more; I performed at the Oredock Brewing Company in Marquette MI, The Waters hotel in Minocqua WI, and Club 64 in Merrill WI; while continuing to emcee at the Skyline Comedy Café and in Wausau at the City Grille's comedy night. I also make monthly trips over to Green Bay to perform in their weekly comedy showcase at the Green Room Lounge. In 2014, I joined the Comedy City Improv Group in Green Bay WI, became a regular house MC for the Koo's Nest Comedy Club in Wausau WI, performed at Laugh Fest in Grand Rapids and Featured at the Skyline Comedy Café. In 2015, I performed in the Floodwater Comedy Festival in Iowa City, the World Series of Comedy in Las Vegas and headlined the Skyline Comedy Café in June. I also continued to perform across Illinois and Wisconsin doing whatever show I could get myself on.

My act consists of me talking about growing up in Wisconsin as a kid, continuing to grow up in Wisconsin and everything else in between. I don't do anything that is shocking or abrasive. If my grandma came to see me perform she wouldn't be offended, but she doesn't like driving at night so that keeps her from attending most of my shows.

Not only can I help in giving your venue a great comedy experience I also can help in marketing your show as well.

Adwords

I have set up a Google Adwords account so that wherever I perform and customers are looking for entertainment an ad comes up. I set up Geo-Targeted Ad Campaigns that target people within your market. The link directs people to my site where they can get all the information on the show and how to get tickets.
